PAW-licies

Food

Owners are asked to provide enough food for their pets' stay. We recommend pre-bagging each meal in a sandwich bag. The Paw does have food available for purchase in our retail area.

Collars

We require that all dogs have a collar on during their stay, this allows us to tag each dog with proper identification. We do not allow choke chains or pinch collars. Collars are available for purchase in our retail area.

Medications

All pills, supplements and additives prescribed by a vet are treated as medications. This includes over-the-counter allergy medications. Medications should be brought in in the original prescription bottle. Medication administration incurs a daily charge. *No Injectable Medications*

Intact Dogs

We do not allow unaltered dogs to participate in group play or group potty breaks. Intact dogs have a different scent that can lead to their being picked on by other dogs in group situations, so for their safety we take them out for potty breaks on a 1:1 basis.

Reservation Guarantee

Just like a human hotel, we require a credit card on file to guarantee your reservation. We offer free cancellation until noon the day before you're scheduled to check-in. Cancellation after this time incurs a \$25 cancellation fee.

Pet Care Agreement

All clients are required to sign a Pet Care Agreement upon arrival. The full Pet Care Agreement is available for review both at The Paw and on our website.

For Premium & Executive Boarding:

Expect 15-20 minutes for checking your pet in.

*Please let our front desk know of any known medical concerns.

Boarding Checklist

What to bring:

- Vaccination Records**—we require that the Rabies vaccination be current and that your dog has received the Distemper Core Vaccination (usually given as a puppy); please be sure we have your records on file before checking in
*Annual Bordetella & Fecal Parasite Exam are recommended
- Food**—it is best if you prepackage the food into sandwich bags (one meal per bag), that way your pet is getting exactly what they would receive at home
- Collar**—we require that all dogs have a collar on during their stay, this allows us to tag each dog with proper identification
- Leash/Carrier**—for the safety of all pets, please be sure your pet is on a leash or in a carrier when entering/exiting the building
- Bed or Blanket**—an item from home will help comfort your pet while you're away
*A plush item from home may not be a good idea if your dog chews on beds, blankets, etc.
- Toys & Bones**—many pets enjoy the opportunity to play with toys while they are resting in their rooms
*Please note we do not allow rawhides
- Medications**—please see the medication section of the boarding brochure for more information

*The Paw is not liable for any lost or damaged personal property

What NOT to bring:

- **Food & Water Dishes**—we will provide all of the dishes your dog needs during their stay
- **Rawhides**—we do not allow rawhides as they can be chewed into small pieces and pose a choking hazard
- **Large Food Containers**—please do not bring in large food containers or large bags of food, as we do not have the proper space to store them
